Ref . REACH regulation

Dear Customer,

being Sericom Italia srl a producer of screen and pad printing inks and Auxiliaries not being a manufacturer of CHEMICAL SUBSTANCES, we are not compelled to submit any pre.registration to REACH regulation.

According to the most updated information we got from our suppliers, CHEMICAL SUBSTANCES we use **have been pre-registered**, with intention of registration within the expire date foreseen by Reach regulation.

The definitive registration from our suppliers will be effected, depending on the related sector tonnage, from 2010 till 2018.

We wish to underline, it is not compulsory for our suppliers to send us the pre-registration references for they are valid only within pre-registered companies and have no legal and guarantee value.

However, we wish to confirm you our systems do not contain the substances mentioned in the "CANDIDATE LIST" updated December 17th 2015.

Kind regards,

SERICOM ITALIA SRL
